PROFESSIONAL SUMMARY

An accomplished **ASP.NET Web Developer** with **4+ years of experience** building enterprise-grade web applications using **C#, ASP.NET MVC**, and **SAP HANA SQL**. Expert in integrating **AI-driven solutions** within the SAP ecosystem, including **intelligent bots and automated reporting tools**. Proven track record in **optimizing enterprise performance**, managing full-cycle project implementations, and developing scalable **SAP Business One (B1) portals**.

TECHNICAL SKILLS

Programming Languages: C#, Python, Java
Frameworks: ASP.NET MVC, Django, Spring Boot
Web Technologies: HTML, CSS, Bootstrap, JavaScript, jQuery
Database Management: SAP HANA SQL, SQL Server, MySQL
Specialized Integrations: SAP B1 Service Layer, AI Copilot Integration, WhatsApp Business API
Version Control: Git

PROFESSIONAL EXPERIENCE

Technical Consultant (Web Developer) Aug 2023 – Present
10X Software Solutions

- **AI & Automation:** Architected and integrated an AI Copilot with SAP B1, embedding intelligent assistance directly into web applications to enhance user productivity.
- **Intelligent Communication:** Developed a WhatsApp Bot integrated with SAP to handle real-time approvals, automated reports, and critical system alerts.
- **SAP B1 Implementation:** Managing end-to-end development of an Employee Self-Service (ESS) Portal using ASP.NET MVC and SAP HANA.
- **Database Engineering:** Refined HANA procedures and optimized relational schemas, resulting in **30% faster query response times**.
- **UI/UX Development:** Leveraged Sync-fusion components and jQuery event delegation to build highly responsive enterprise interfaces.

Project Engineer (Web Developer) Mar 2021 – Nov 2022
Wipro Limited

- Designed and optimized backend logic, reducing server resource consumption by **15%**.
- Spearheaded development of the Commercial LRD (Microsoft Store Checklist Platform), improving operational output by **25%**.
- Facilitated Agile requirement gathering sessions, ensuring delivery within established timelines.
- Built high-performance web applications, increasing platform stability and significantly reducing page load times.

KEY ACCOMPLISHMENTS

- **Intelligent Reporting:** Built an automated report generation tool integrated with HANA that produces complex reports in multiple formats.
- **AI Integration:** Successfully implemented AI Copilot features within SAP B1 web applications to streamline business workflows.
- **Enterprise Automation:** Launched an intelligent WhatsApp integration for SAP, automating the approval process and alert system for stakeholders.
- **Performance Excellence:** Awarded **Best Performer of the Quarter** at 10X Software Solutions for driving project success and productivity.
- **Scalability:** Refined system architecture to enable a **50% increase** in user traffic without performance degradation.

EDUCATION

B. Tech, Computer Science and Engineering 2016 – 2020
Kamala Institute of Technology and Science, Karimnagar
